

# **EXHIBIT 5**

The National Center for Missing and Exploited Children® (NCMEC) was established in 1984 as a private, nonprofit 501(c)(3) organization. NCMEC provides services nationwide for families and professionals in the prevention of abducted, endangered, and sexually exploited children. Pursuant to its mission and its congressional authorization (see 42 U.S.C. § 5773), NCMEC operates the CyberTipline and the Child Victim Identification Program to assist law enforcement in identifying victims of child pornography and child sexual exploitation and works with law enforcement, Internet service providers, electronic payment service providers, and others to reduce the distribution of child sexual exploitation images and videos over the Internet. NCMEC does not investigate and cannot verify the accuracy of the information reported to NCMEC. NCMEC forwards reports of child sexual exploitation to law enforcement for purposes of investigation and disposition.
